Education

University of Visvesvaraya College of Engineering — Bengaluru, KA
Bachelor of Technology, Artificial Intelligence and Machine Learning — *Oct. 2023 – Present*

MES Chaitanya PU College — Sirsi, KA
Pre-University College, PCMC — *Aug. 2021 – May 2023*

Sirsi Lions English Medium High School — Sirsi, KA
Secondary School Leaving Certificate(SSLC) — *Jun. 2020 – Aug 2021*

Relevant Experience

Participated in "Bit-N-Build" hackathon conducted by GDSC — 2023

Participated in 5-day GenAI intensive course by Kaggle and Google — 2025

Obtained NPTEL certification in "Cloud Computing" — 2025

Projects

Appehuli Links | *Next.js, React.js, Node.js/Express.js, MongoDB, TailwindCSS*

- Built a full-stack URL shortener using **Next.js (React)** with server-side rendering (SSR) and REST API integration
- Used dynamic routing and server-side redirects for optimized link resolution performance.
- Used MongoDB for persistent storage and managed API calls.
- Designed reusable React components using a component-based architecture.
- Developed a fully responsive UI using TailwindCSS (mobile-first approach)

Havya Kaavya | *Next.js, TailwindCSS, GitHub*

- Developed a React-based devotional music platform hosting 100+ Havyaka Bhajans.
- Built dynamic audio player functionality with efficient state handling using React hooks.
- Designed responsive and accessible UI using TailwindCSS.
- Used GitHub for version control and storage.
- Reduced code redundancy through component reusability and modular design.

Technical Skills

Languages: C/C++, JavaScript/TypeScript, Python
Frontend: Next.js, React.js, HTML, CSS/TailwindCSS
Backend: Node.js/Express.js, FastAPI
Database: MongoDB, PostgreSQL
Developer Tools: Git/GitHub, VS Code, Figma, Eclipse

Co-Curricular Activities

Participated in State-Level "Thatt anta Heli" Quiz — 2021

Deen Dayal SPARSH Yojana Scholar — 2019-20

AIR 4 in "All India Maths Science Olympiad(AIMS)" twice — 2014 and 2012
